

The Henley Society

Protecting our heritage and environment in Henley-on-Thames

NOVEMBER 2021 Executive Committee Briefing to Members

The October talk, given by Simon Spearing, newly appointed Manager of the Kenton Theatre was an interesting talk attended by 55 Members and Guests who enjoyed wine and nibbles after the talk generously sponsored by Tesco Henley.

An update on our projects –

- the contract for the refurbishment of the **Greys Road Car Park Lavatories** has been placed by SODC and we await a start date. Sadly there are material shortages in the building industry and we might need to be patient.
- HTC have placed the order for the refurbishment of the **Phillimore Fountain** which we are part-financing. We await a start date from the Contractor.
- **The Solar Compactor Bin trial**, which we are financing is in hand but again a start date awaited from HTC.

Our Membership growth continues and this month we welcome Gillian Busby, Prof Simon and Dr Rebecca Chandler-Wilde, Chris Howard, Catherine Haveron and Rob Hayward. This brings our Membership total to 572.

Events -Your support for our two 'Clements' walks and the Alan Pontin and Simon Spearing talks encourages us to arrange further events and here are three dates for your diary. We have more plans in the pipeline and these will be confirmed in due course.

Wednesday 2nd March 2022

The Queens Swan Marker, David Barber will give an illustrated talk about the health of our swan population and what we can do to help.

Venue and ticket price details to be announced as soon as possible
