

Copy of Email Sent to SODC 11 July 2023

Hello Emma,

Former Wyevale Premises Reading Road Lower Shiplake Applications are numerous but currently include Ref:P23/S0993/DIS, P23/S0994/DIS, P23/SO992/DIS. P23/S0967, P23/S0966, P23/S2024

During my perusal of the Planning history for this site which I undertook following the fairly unusual response from the EA of 08 April 2023 10:46 AM, I thought it sensible to go back in time and look for their earlier comments.

Am I right in thinking, that the EA were not in fact consulted on the original application for this site for its redevelopment for housing purposes viz. P18/S0951/O?

It also appears that they may not have been a consultee in respect of the RM Application that fleshed out the issue of scale/density etc ie P21/S4271/RM?

I look forwards to hearing from you, and if I am correct in my research perhaps you could confirm why the EA were not consulted in relation to a site that was within an SPZ1 designation?

Best regards,
Peter Boros
